All about Terracotta

Outdoor Collection 2021

Kave Home

Discover the entire outdoor collection and make your balcony, terrace or garden look trendy this season.

Your balcony, terrace or garden are the focus of our new outdoor collection. Let's welcome the good weather! We're more than ready to create new memories outdoors in great style. We have got the perfect solution for every outdoor space, no matter what size. From the tiniest balcony to XXL corner sofas.

In or out? How about both! Interior and exterior furniture and decoration merge into the in & out trend. Why choose one when you can have it all? This new collection is designed to create an extra outdoor space in your home to make you feel at ease, adding an exotic vibe with versatile pieces you can use all year round.

Featuring this year's trendiest materials. Terracotta is taking over interior design thanks to its durable features and its ability to add a natural vibe to your decor. Or PET, an eco-friendly material made from recycled bottles which we use to craft our rugs and cushion covers. Among many others, like terrazzo, steel, or sustainable solid wood.

ALL ABOUT TERRACOTTA

OUTDOOR COLLECTION

Make your outdoors more personal. The new outdoor collection is designed with a focus on natural materials and the newest colour palette with a focus on terracotta tones. Give some love to your furniture and textiles this season and may they shine bright.

As a part of this outdoor collection, trendy materials such as terracotta, terrazzo, rope and PET will take over the coolest terraces and gardens to make them unique and colourful.

Because having a stylish and personal home is the best way to enjoy your weekends off or, why not, to spend your summers' staycation. Let's take a little peek into this incredible home for some inspiration and to help you make the most of this season.

Mix & match these pieces in your exteriors for a trendy summer!

The best way to enjoy the fresh air? With designer items, made using traditional techniques and natural or sustainable materials

OUTDOOR 2021

It will be hard to pick your favourite. Terracotta, a mineral material in the trendiest colour for your outdoor space. Terrazzo, a renewed classic material perfect to add a mediterranean feel to your look. Braided rope, made using traditional techniques and resistant to UV rays.

And, of course, PET: an eco-friendly material, made from recycled plastic bottles which we use to craft our rugs and cushion covers.

In the mood for Terracotta

ALL ABOUT TERRACOTTA

Disconnect to re-connect

This look is perfect to create a cosy terrace with original and colourful pieces, for your garden, pool and to level up your views. You'll want it all!

Having difficulty trying to create a trendy and colourful terrace look? Terracotta is always a safe bet. Add a hanging chair to the mix to make your outdoor living room even more unique.

Outdoor rugs are a must have, and even more so when they are 100% PET, made from recycled plastic bottles retrieved from the ocean. We've designed them with a round shape and colours that will level up the look. Your home and the planet will love them. If you're still missing something special take a look at our outdoor cushions.

“Terracotta is a sustainable material, with a low carbon footprint, which is also recyclable by using an environmentally committed process”.

Jordi Díaz – Designer of the Outdoor collection

Celi set of planters and Vilena coffee table

The chill out nook

The Abeli armchair is designed to help you relax at home, in your interiors and covered exteriors. And that's not all, it's made from rope and comes in a great colour, perfect to add style to any corner. It will look amazing surrounded by some plant pots in different heights.

Shanelle table and Nadin chairs

Karlina set of two planters

Make the most of your staycation

Nadin is an exclusive design by Tapio Antilla for Kave Home. Unique for its backrest made with braided rope following traditional techniques. You can use it in your interiors and covered exteriors.

Our terracotta plant pots are moisture- and UV-resistant. Perfect to add a natural look to your outdoors, as they are made from a mineral material. Their support will help your plants get all the sunshine they need.

Dalila cushion cover

Your plants' best friend

What is terracotta? It's clay, a natural material perfect for handcrafting or creating great pieces by using traditional techniques. It's also known as "earthenware", a classic material which is back on trend to level up your outdoors. Many years ago it used for construction and sculpture and nowadays it is one of the biggest interior design trends thanks to its natural and sustainable features.

Denpasar, Subject, Elima planters and Vilena side table

This is the ideal home to spend your weekends at and feel like you're taking a mini-vacation and leave your routine and daily life behind.

Galit chair

A dining room with a natural style

Connecting with nature, creating a singular look and respecting the environment. Galit and Nina are designed to add a sustainable and unique feel to your outdoors, thanks to its materials, each piece will amaze you with its own grains and tonalities.

Nina table and Galit chair

Relax in the open air

Summer is made for enjoying your home's outdoors and thanks to natural materials you can make the most of it. The highlight of this terrace is the Giana set, made from synthetic rattan. This material helps to maintain the natural feel, but at the same time makes your life way easier, as it's easier to clean and maintain. It's also moist-resistant so you can spend your summer nights and evenings without any worries. The cushions are included, that way you can get extra cosy. You can also add some of our 100% outdoor cushions from our new collection to spice up the look.

Looking for the perfect outdoor pieces to host your gatherings? Complete the look with the matching Giana armchair. Your summer nights will get even better.

Nina round table

120 x 120 x 79 cm

CC2014PR03

Nina coffee table

120 x 60 x 37 cm

CC2015PR03

Made from poly cement and solid sustainable eucalyptus, this table will fill your interiors and covered outdoor spaces with style. And that's not all. Round tables are a great way to maximise the available space, so they're perfect for smaller dimensions.

- Tables with solid eucalyptus wood structure and cement top, measures 120 x 60 cm/ Ø 120 cm.

- The solid wood used in these pieces is sourced from sustainably-managed forests, where felling is controlled to protect the environment.

- These pieces have been finished with four layers of lacquer for durability and UV protection.

- Table tops made from cement, a tough and highly durable material that withstands water, UV rays and extreme temperatures.

- These pieces are part of the Nina collection, so you can add the matching chairs, table and side table to this piece.

Authentic and eco-friendly

Made from wood and cement, each Nina has its own unique tones derived from these natural materials. The wood is sourced from sustainable forests with controlled felling.

Hello sunshine

Enjoy your terrace with Nina. Both the cement and the wood have been given a UV-resistant treatment.

The more the merrier

With the Nina collection, you've got everything you need to enjoy outdoor meals and chilled afternoons.

MAIN PRODUCTS

Nina chair

44 x 41 x 43 cm

CC0555J86

The Nina chair is designed with a solid eucalyptus frame and a hand-woven seat. All materials are eco-friendly and have been treated to make them suitable for covered outdoor areas. A unique chair waiting to be discovered.

- Stackable chair with armrests. Made using natural materials and traditional artisan techniques.

- The frame is made from solid eucalyptus wood with a natural finish, so each piece has its own unique tone and wood grain.

- The seat is made with hand-braided, UV-resistant cord in terracotta.

- This is an eco-friendly design as the wood is sourced from sustainable forests with controlled felling to protect the environment.

- As authentic & eco-friendly as you Nina is a unique piece thanks to the one-off tones and grain of the solid wood. Plus, it is sourced from sustainable forests using controlled felling methods.

Enjoy it outdoors

Enjoy your terrace with Nina. The wood has four layers of varnish for durability and the chair and woven seat have been given an anti-UV treatment.

Nadin chair

48 x 45 x 46 cm

CC2234J86

Connect with the great outdoors with our Nadin chair, a fusion of steel and hand-woven cord, both in an earthy, natural terracotta shade. Make a style statement in your covered outdoor spaces with these materials and the colour of the moment.

- Chair with galvanised steel structure with a seat made from straps and a woven rope backrest. All the materials have a terracotta finish and have been treated for use in outdoor covered areas.

- This piece is part of the Nadin collection, designed and created exclusively for Kave Home by Tapio Antilla.

- This piece has a hand-crafted backrest, with rope woven by hand and a durable frame made from galvanised steel, resistant to rust and corrosion.

- The Nadin collection includes all the pieces you need to enjoy sunny days in comfort. Get the whole collection, featuring a chair, armchair and sofa, in your choice of green or terracotta.

A Kave Home exclusive design

It has been designed exclusively for Kave Home by Tapio Antilla, with extra authenticity courtesy of the hand-woven rope that forms the backrest. Your piece is a one-off.

Built to last AND look good

The steel and the rope have been given the same finish, lending a uniform look to the design with UV protection so you can enjoy this item in covered outdoor spaces.

Choose your colour

Nadin comes in a choice of two shades: green and terracotta. Two hot, current colours with a natural feel to connect with the great outdoors.
